Report Type: Unofficial/All Career

Information For Students

Select the Academic Institution (campus) you are currently attending or where you last attended. There are two available Report Types: Unofficial/All Career will display your Student Unofficial Transcript for all careers (Undergraduate, Graduate, Law, etc.) in which you have enrolled at Indiana University. Unofficial/Cur Enr/All Career will display your Student Unofficial Transcript and also include your current classes.

Note: Remember this is an "unofficial" transcript. Verification of converted enrollment and grades to the new Student Information System is ongoing.

Understanding Transcript Statistics: Term and cumulative IU Summary statistics throughout the transcript are based on University-wide rules (all X'd grades are honored for exclusion from the GPA, all other courses/grades are included in the statistics, even if repeated, etc.)

At the end of the transcript, you will also see a Student Program Summary. These statistics are calculated according to the rules of your current program (whether X'd grades are honored for exclusion from the GPA, whether courses may be repeated for credit, etc.). Since these statistics may be calculated based on different rules, your Student Program Hours Earned and GPA may be different from your IU Hours Earned and GPA.
